WELLNESS

The **Jin** experience starts with a 4 roller, L-track massage system that starts in the base of the skull and extends into the gluteal muscles.

Relaxation with the Jin is taken even further with comfortable heat in the forearm, calves and lumbar region. Most massage chairs limit the heating elements to just the lower back. The Jin's multi-area heating elements will increase comfort and circulation for the user.

—MULTI-AREA HEATING ELEMENTS—

The Jin also fits many individuals' size and needs by offering three zero gravity positions, adjustable height shoulder airbags and arms that auto recline to maintain forearm and hand position throughout the zero gravity positions.

—ADJUSTABLE SHOULDER HEIGHTS —

— 3 ZERO GRAVITY POSITIONS —

The feature packed Jin continues to shine with 42 air bags for plush comfort, an amazing mechanical shiatsu calf massager and soothing massaging rollers beneath the feet to address tight and sore muscles in the lower extremities.

Do you want to start your Jin experience quickly with no hassles? The Jin's easy-to-use controller and 9 auto massage programs make it a breeze for anyone to start relaxing in seconds. Need a few more minutes of massage? Use the add-a-minute feature on the controller to extend the program in 5 minute intervals to suit your relaxation experience.
